

## **Craft one: Time to put God first! “Clock” decoration**

You will need:

- Stickers (if desired)
- Glue
- Markers/decorative materials

Procedure:

1. Cut picture, arrow and circle shapes out of construction paper, one larger than the other.
2. Decorate with stickers and other pictures, if desired.
3. Glue a large arrow to the plate, pointing to “God.”
4. Use a brad fastener to attach the smaller arrow in the center, allowing it to swing around on the plate. Attach a verse or caption if you like, and a string to hang the plate in a prominent place.
